

All about your child

Parents please could you complete this form prior to your child starting at Funtasia. Having as much knowledge and understanding of your child as an individual will be instrumental to your child's settling in process. Working in partnership is a valuable process in our future planning, learning and development.

Child's Name:

Is your child used to playing and socialising with children in a group setting?

Did your child attend a nursery or childcare setting, if so which?

Would you have any objections if we contacted your child's previous setting to discuss their progress?

The purpose of this is to allow us to plan appropriate activities to enhance your child's learning and development.

Does your child have any major likes and dislikes that may improve/ affect their time with us?

What are your child's eating preferences/ dietary requirements/ likes/ dislikes?

Is there any information you would like to share with us about your child's development?

Is there any other information you would like to share about your child?

For us to have a clearer picture of your child as an individual, we would appreciate it if you could share with us, how your child spends their time outside nursery/ childcare. For example hobbies, interests, clubs, visits spending time with grandparents etc.

Therefore we would be grateful if you could complete below a typical week.
